Join our Cruiser Club

YOU'LL RECEIVE A FREE SHAKE FOR JOINING, A FREE 66 DINER MEAL ON YOUR BIRTHDAY AND A FREE APPETIZER FOR YOUR ANNIVERSARY, PLUS SPECIAL OFFERS AND CONTEST NOTIFICATIONS.

66 diner is home to one of the largest Pez collections in America!
You'll see them lined up near the ceiling, illuminated by rows of neon... an amazing collection that includes the presidents, some of your favorite cartoon characters, movie and comic book characters and so much more!

For the love of neon!

It's easy to see that we love neon at 66 Diner... partly because it's synonymous with Route 66... and partly because there's nothing else like it! You'll see it on our building, and inside on signs, clocks and decorative trim.

It's all about the shake!

Milkshakes are as much a part of pop culture as Superman and the Simpsons, and nobody does them better than 66 Diner! Try our Grasshopper... or the Pink Cadillac... or the shake of the month. Try them all! We make every shake the old-fashioned way... right at the counter – hand scooping real ice cream into the blender canister with real milk... spinning in the other ingredients... and serving the delicious results in a tall, tapered glass, with the remainder in the tall stainless cup it was mixed in. No wonder we're New Mexico's #1 shake!

HISTORY

The 66 Diner is dedicated to preserving the spirit of the roadside diner along Route 66.

Our comfort food, friendly service and nostalgic décor are all a vital part of the homage we pay to a vanishing part of America's history and its legacy to our culture.

Today Route 66 has all but vanished, either renamed (Albuquerque's Central Avenue), or reduced to dusty frontage roads on the side of Interstates. However, in its glory days Route 66, America's Highway, ran 2,448 miles through eight states, Chicago to Los Angeles.

On Route 66 in Albuquerque, just west of the University of NM, lives 66 Diner. Originally the building was Sam's Sixty Six Service, a Phillip's gas station opened in 1946 by John H. Samuelson. Soon after a large service center was added on the north side and it became a bona fide garage. Sam's remained a pit stop for automobiles until the mid-1980s. A photo of Sam's 66 Service Center is located in the entry area of 66 Diner. It was enhanced from a 3x4" photo donated by Sam's daughter, Mary Louise Samuelson Bommelaere.

The building was used for a variety of automotive sales and service operations until it was repurposed into the 66 Diner in 1987.

A portion of the dining room was a mechanic bay complete with a hydraulic lift (it is still under the hopscotch court). 30% of the diner is still intact from the service station days and serves as a tribute to the cruisin' days. In 1995, the 66 Diner survived a brutal fire. While most of the contents were destroyed in the fire, the 1958 Seeberg Jukebox was restored and still works... most of the time.

The Streamline Modern architecture as well as the curved ceilings is reminiscent of the diners of the 1940s & 1950s, some built from repurposed railroad dining cars. The décor, music and the food we serve are designed to return our guests to the classic diners along Route 66. As Bobby Troup's song so famously coined:

**"Won't you get hip to this timely tip
When you make that New Mexico* trip
Get your Kicks on Route 66."**

At 66 Diner, there are many kicks still to be had!

*O.K. it didn't say New Mexico, but it should!
